Product Name	***GeoBalance***
Manufacturer	Corona Solutions
Area	Redistricting
Contact	Dale Harris, President
Address	9025 Grant Street, Suite 204 Thornton, CO 80229
Phone	888-450-9887
Fax	720-872-6427
Email Address	dale.harris@coronasoluctions.com
Web Site	http://www.coronasolutions.com
GIS Platforms	ArcView or MapInfo
Operating Platforms	Windows 95/98/NT

·Redistricts operations by balancing a combination of statistics that can be weighted according to priority.
·Users are able to convert polygon layers from other mapping programs for use.

Product Name	*Geo Data*
Manufacturer	U.S. Geological Survey
Area	Data Acquisition/Data Management
Contact	U.S. Geological Survey
Address	12201 Sunrise Valley Drive Reston, VA 20192
Phone	888-ASK-USGS
Fax	
Email Address	ask@usgs.gov
Web Site	http://www.usgs.gov
GIS Platforms	
Operating Platforms	

·A variety of geographic data sets are available through the Geological Survey; data are compiled from aerial photographs, other remotely sensed images, historical records, legal documents, and direct field observations and surveys.

Product Name	*Geo Genie*
Manufacturer	Bair Software Research & Consulting
Area	Geocoding
Contact	Bair Software Research & Consulting
Address	780 Prairie Ridge Road Highlands Ranch, CO 80126
Phone	720-348-1090
Fax	
Email Address	sales@bairsoftware.com
Web Site	http://www.bairsoftware.com
GIS Platforms	Multiple
Operating Platforms	

·Address cleaning utility that can perform up to 1,000 operations per minute.
·Includes detailed after-action reports with suggestions to improve your geocoding performance.

Product Name	***GeoRecall***
Manufacturer	Fourth Dimension Interactive
Area	Crime Mapping/Analysis
Contact	Fourth Dimension Interactive
Address	650 West Georgia Street, Suite 1900 Vancouver, BC, Canada V6B 4N7
Phone	604-681-1901
Fax	604-687-3446
Email Address	sfomc@dames.com
Web Site	http://www.4di.net
GIS Platforms	Autodesk MapGuide
Operating Platforms	Window 95/98/NT

·Facilitates crime analysis, mapping, and reporting tasks using one standard interface.
·Allows patrol vehicles to view, input, and query crime data from their laptops.
·Automates mapping of individuals by time, date, and location to allow for future querying of suspects, witnesses, etc. by time, date, and location.
·Integrates mapping, messaging, reporting, and administrative components.

Product Name	***Geotrac Crime Analysis Mapping (GeoCAM)***
Manufacturer	Geotrac
Area	Crime Mapping/Analysis
Contact	Geotrac
Address	3900 Laylin Road Norwalk, OH 44857
Phone	800-436-8722
Fax	800-436-3299
Email Address	gis@geotrac.com
Web Site	http://www.geotrac.com
GIS Platforms	Any ESRI product
Operating Platforms	Windows 95/98/NT

·Allows the user to track crime incidents.
·Incorporates date range analysis and hot spots analysis.
·Capable of automated map production.

Product Name	***GIS Data Depot***
Manufacturer	GeoComm International
Area	Data Acquisition/Data Mangement
Contact	GeoComm International
Address	4565 Commercial Drive, Suite D Niceville, Florida 32578

GIS Platforms	
Operating Platforms	Windows NT 4.0/2000/XP

iBridge creates a live connection to multiple dateabases throughout your organization, ensuring that analysis is developed based on the mos tup-to-date information.
-Seemlessly connect to i2's Analyst's Notebook to a variety of standard relational databases.

Product Name	***IDRISI***
Manufacturer	Clark Labs
Area	Crime Mapping/Analysis
Contact	Clark Labs
Address	950 Main Street Worcester, MA 01610
Phone	508-793-7526
Fax	508-793-8842
Email Address	idrisi@clarku.umd.edu
Web Site	http://www.clarklabs.org/
GIS Platforms	IDRISI
Operating Platforms	Windows 95/98/2000/NT or DOS

·Raster-based microcomputer GIS and image processing system.
·Uses object-oriented development tools for GIS uses including database query, spatial modeling, image enhancement, and classification.
·Allows for change and time series analysis, multi-criteria and multi-objective decision support, uncertainty analysis, simulation modeling, triangulated irregular network (TIN) interpolation, Kriging, and conditional simulation.
·Import/export routines for USGS DEMs, ArcView Shape, and MapInfo MIF files.

Product Name	***InfoCom Web Query***
Manufacturer	Developed for the Sacramento, CA Police Department
Area	Crime Mapping/Analysis
Contact	Chet Egbert, GIS Specialist III
Address	900 8th Street Sacramento, CA 95814
Phone	916-264-8659
Fax	
Email Address	cegbert@cityofsacramento.org
Web Site	http://www.sacpd.org
GIS Platforms	ArcView
Operating Platforms	Windows

·InfoCom Web Query is an Intranet mapping application available to Sacramento Police Department personnel that was developed using ESRI's MapObjects IMS software. It has been in use for approximately six months.
·This application allows users to conduct various queries of Sacramento crime data, including crime statistics per sector and crime reports by type, date, and geographic region. It also allows users to create custom queries for crimes occurring within the past 28 days.
·The maps are dynamic in that users can zoom into and out of the data.
·Data are updated on a daily basis.

Product Name	***Infotrak LRMS***
Manufacturer	PRINTRAK (a Motorola Company)
Area	Data Acquisition/Data Management
Contact	
Address	1250 North Tunstin Avenue Anaheim, CA 92807
Phone	1-888-493-3590
Fax	714-237-0018
Email Address	info@printrak.com
Web Site	www.printrakinternational.com
GIS Platforms	
Operating Platforms	Windows 2000

This records management system records (RMS) tracks, reports and analyzes law enforcement records. Property and Evidence tracking utilizes bar coding and supports change of custody tracking online. Pawn and Gun registration modules automatically check records for want/warrant and stolen matches. The Master Index references people, businesses, gangs, property, vehicles, locations, telephones, and IDS. There is web browser access for hyper-linked/drill-down investigative query. Explorer Tree view supports single agencies up to the largest multi-jurisdictional setting. Investigative support from multi-agency record sharing. Agency-defined security allows multiple users to share data without allowing changes. Various redundancy levels offer guaranteed uptime availability.

Product Name	***JCSI Maps***
Manufacturer	JCSI
Area	Data Acquisition/Data Management
Contact	JCSI
Address	P.O. Box 581 Trussville, AL 35173
Phone	205-655-4449

Operating Platforms	

Digital Raster Graphics (DRGs) are U.S. Geological Survey topographic maps on CD-ROM. JCSI offers DRGs for sale or for trade.

Product Name	***L.A.T.S. (Legal ARMS Tracking System)***
Manufacturer	ARMS software
Area	Crime Mapping/Analysis
Contact	
Address	4851 SW Madrona Street Lake Oswego, OR 97035
Phone	503-807-5570
Fax	
Email Address	
Web Site	www.arms-soft.com
GIS Platforms	
Operating Platforms	

Legal ARMS Tracking System is a tracking software for gun dealers and gunsmiths. ARMS Software tracks sensitive and expensive equipment. The user may track the location, repairs, acquisition, and disposition of firearms, destructive devices, and other serialized and important equipment. In addition to tracking the current location or disposition, Legal ARMS Tracking maintains a complete history as well.

Product Name	***Law 2001***
Manufacturer	Trillium Software Inc.
Area	Data Acquisition/Data Management
Contact	
Address	25 Linnell Circle Billerica, MA 01821-3961
Phone	978-436-8900
Fax	
Email Address	
Web Site	www.trilliumlaw.com
GIS Platforms	
Operating Platforms	

Law 2001 is an incident records manager available to smaller police departments. Law 2001 includes all of the reports and functions needed to keep a complete database of incidents and offenders. Features include the ability to track gang members, and specific addresses for prior arrests. Information is logged into Law 2001 using a simple forms system designed for speed and consistency. The screen includes a quick reference to pertinent information, such as number of offenses, number of warrants, and how many aliases the offender is known under.

Product Name	***Link Chart***
Manufacturer	i2 Inc.
Area	Crime Mapping/Analysis
Contact	
Address	6551 Loisdale Court Suite 600 Springfield, VA 22150
Phone	1-888-546-5242
Fax	703-921-0196
Email Address	info@i2group.com
Web Site	www.i2inc.com
GIS Platforms	
Operating Platforms	

Link Chart Reader is freely distributed and enables the user to view link charts created in the Analyst's notebook. Link Chart reader helps the user to visualize and communicate information. The program allows the user the opportunity to view an entire chart, narrow in on particular details, and search for information beyond the chart

Product Name	***LPDCrime***
Manufacturer	Developed for the Lansing, MI Police Department
Area	Crime Mapping/Analysis
Contact	Lt. Steve Person
Address	120 W. Michigan Lansing, MI 48933
Phone	517-483-4647
Fax	
Email Address	
Web Site	http://police.cityoflansingmi.com
GIS Platforms	ArcView
Operating Platforms	Windows

·LPDCrime is in its second month of implementation and represents an effort by the Lansing Police Department and the City of Lansing to bring the community into the problem solving process.
·LPDCrime is an Internet mapping application that was developed using ESRI's MapObjects IMS. The application allows the public to create custom queries and map crime incidents by address, police team area, neighborhood watch area, or within a one-mile radius of a school.
·A maximum of only 30 days of crime incident data can be mapped at one time to ensure that maps are not cluttered with data and misinterpreted.
·Crime data are updated on a weekly basis.
