

Sprint Nextel Emergency Response Team

Public Safety. Public Service.

Effective response to emergencies depends on the ability of local, state and federal public safety workers to communicate with each other across agencies, jurisdictions and regions. Nextel provides the immediate communication first responders need with Nationwide Walkie-Talkie and Emergency Group ConnectSM digital walkie-talkie services and Wireless Web capabilities. You also get access to Sprint Nextel's Emergency Response Team (ERT), which provides authorities with Rapid Deployment equipment, services and support. When and where it's needed.

Who needs ERT?

Respond to an emergency. Coordinate field training exercises. Sprint Nextel's Emergency Response Team can be an asset in your communications planning. ERT provides support to:

- Public safety — police, fire, emergency medical
- Emergency planning and management agencies
- Disaster relief organizations
- State and local governments
- Homeland Security agencies
- U.S. military organizations
- Electric, Natural Gas and Water Utilities

Get around the clock ERT service.

- **Disaster Support.** React instantly. And get wireless telecommunications equipment and services to emergency personnel quickly.
- **Field Training Support.** Training. Field exercises. Gain access to equipment and services for all your short-term needs on a daily basis.
- **Agency Specific Event Support.** Meet a single agency's requirements. Get wireless equipment and service to support limited duration events.
- **Mobile Cellular Sites, Portable Microwave Facilities.** Rugged handsets augment customer's existing systems with a secure and stable communications platform that provides interoperability among private radio networks.

Be prepared.
