SECTION 6: LAW ENFORCEMENT & COMMUNITY POLICING STRATEGY

COPS Office grants must be used to reorient the mission and activities of law enforcement agencies toward the community policing philosophy or enhance their involvement in community policing. The following is the COPS Office definition of community policing that emphasizes the primary components of community partnerships, organizational transformation, and problem solving.

Community policing is a philosophy that promotes organizational strategies, which support the systematic use of partnerships and problemsolving techniques, to proactively address the immediate conditions that give rise to public safety issues, such as crime, social disorder, and fear of crime.

The COPS Office has completed the development of a comprehensive community policing self-assessment tool for use by law enforcement agencies. Based on this work, we have developed the following list of primary sub-elements of community policing. Please refer to the COPS Office web site (www.cops.usdoj.gov) for further information regarding these sub-elements.

Community Partnerships:

Collaborative partnerships between the law enforcement agency and the individuals and organizations they serve to both develop solutions to problems and increase trust in police.

Organizational Transformation:

The alignment of organizational management, structure, personnel and information systems to support community partnerships and proactive problem-solving efforts.

Problem Solving:

The process of engaging in the proactive and systematic examination of identified problems to develop effective responses that are rigorously evaluated.

SECTION 6: LAW ENFORCEMENT & COMMUNITY POLICING STRATEGY

Community Policing Plan Narrative

Please describe your agency's implementation plan for this program (if awarded), with specific reference to each of the following elements of community policing: (a) community partnerships and support, including consultation with community groups, private agencies, and/or other public agencies; (b) related governmental and community initiatives that complement your agency's proposed use of COPS funding; and (c) organizational transformation – how your agency will use these funds, if awarded, to reorient its mission to community policing or enhance its involvement in and commitment to community policing. Your organization may be audited or monitored to ensure that it is initiating or enhancing community policing in accordance with this plan. The COPS Office may also use this information to understand the needs of the field, and potentially provide for training, technical assistance, problem solving and community policing implementation tools.

If your organization receives this grant funding, these responses, along with the previous questions, will be considered as your organization's community policing plan. We understand that your community policing needs may change during the life of your grant (if awarded), and minor changes to this plan may be made without prior approval from the COPS Office. We also recognize that this plan may incorporate a broad range of possible community policing strategies and activities, and that your agency may implement particular community policing strategies from the plan on an as-needed basis throughout the life of the grant. If your agency's community policing plan changes significantly, however, you must submit those changes in writing to the COPS Office for approval. Changes are "significant" if they deviate from the range of possible community policing activities identified and approved in this original community policing plan submitted with your application.

In the space provided, please address your agency's implementation plan for this program with specific reference to each of the following elements of community policing:

CP1) To what extent is there community support in your jurisdiction for implementing the proposed grant activities?

High level of support Moderate support Minimal support

CP2) If awarded, to what extent will the grant activities impact the other components of the criminal justice system in your jurisdiction?

Potentially decreased burden No change in burden Potentially increased burden

SECTION 7: NEED FOR FEDERAL ASSISTANCE

A. Waivers of the Local Match

Section Not Applicable to 2010 COPS Application Attachment

B. Explanation of Need for Federal Assistance

All applicants are required to address the need for federal assistance. In the space below, please provide a brief explanation of your agency's inability to address your public safety needs and implement this project without federal assistance.

[Please limit your response to a maximum of 3,000 characters.]

The Westland Police Department operates within the limits of a city funded budget. The Governor and State Legislature in Michigan have continued to reduce the amount of state revenues being shared with city governments. The financial picture within the State of Michigan (eg. highest unemployment, increased mortgage foreclosures, decreasing home values) has also had an impact. Due to these limitations, the Department does not have the ability to address these school district needs unless federal assistance is made available.

The Wayne-Westland Community Schools also operate on reduced state funding for its limited budget. The WWCS would have to ask for special assessments or new bond issues from its residents to fund any of these proposals. In the current economic climate, these options would be difficult to pass. In fact, the district is faced with a decade of declining enrollment figures and state aid is dependent upon student headcount. Thus the WWCS District is closing six schools in the upcoming fall and reconfiguring its grades to make more prudent use of facilities. Former middle schools (6th-8th grades) are now being converted into upper elementary (i.e. 5th and 6th grades) centers while populations at all the lower elementary (i.e. K to 4th) are being reduced with the removal of 5th grades as well as the historical declining enrollment. These movements are putting added stress upon the current district budget, but come at a time when security improvements will be necessary. Comparisons in data from the My Voice Aspirations Survey in 2007-08 and the International Center for Leadership Survey this past November show as much as a 67% increase in noted violent behavior in the middle and high school populations.

The Westland Police Department has primary jurisdiction for school buildings within its boundary. This includes two high, one middle, two upper and six lower elementary schools along with the vocational and administrative centers. The need for improved security extends beyond the time limits of a school day and must continue to protect district resources outside of the regular hours. The federal assistance would allow a re-evaluation of current systems, required security equipment, and communication improvements that would make the community much safer.

SECTION8: CONTINUATION OF PROJECT AFTER FEDERAL FUNDING ENDS

If you are applying for a COPS grant with a post-grant retention plan requirement, please complete A. If you are applying for a COPS grant without a post-grant retention plan requirement, please complete B.

B. Continuation of Project after Federal Funding Ends (for other COPS grants with no retention plan requirement)

Please complete these questions to indicate any plans you may have to continue this program, project, or activity after the conclusion of federal funding

1. Will your agency plan to retain any additional positions awarded under this grant for a minimum of 12 months at the conclusion of federal funding for each position?

YES NO

2. Please identify the source(s) of funding that your agency plans to utilize to cover the costs of retention from the drop-down box listed below: (check all that apply)

- General funds
- Raise bond/tax issue
- Private sources/donations
- Non-federal asset forfeiture funds (subject to approval from the state or local oversight agency)
- Fundraising efforts
- Other (Please provide a brief description of the source(s) of funding not to exceed 350 characters.)

SECTION 10: EXECUTIVE SUMMARY

Please provide a brief summary of how your agency will use this federal funding. Refer to the COPS Application Guide for clarification on specific information to include in your summary, and be sure to provide a description of how you expect this grant to impact public safety and/or crime prevention in your community. The Executive Summary may be used to keep Congress or other executive branch agencies informed on law enforcement strategies to deter crime in your community.

[Please limit your responses to a maximum of 3,000 characters.]

The police department in the City of Westland, Michigan is joining with the Wayne-Westland Community Schools in a Community Orientated Policing Services grant to address security issues identified in the school buildings under a Secure Our Schools (SOS) initiative known as IT IS (Installing Technology: Improvements in Schools). Typical interventions, like using multiple surveillance cameras and controlled access doors, are presently being utilized. Community groups have asked for essential safety improvements. First of all, a current school safety security assessment will be conducted in the entire District with its 12,000 students, their parents or guardians, and teachers. Assessment results will be used to pinpoint the necessary changes. It will likely include requirements in such arenas as the safe passage of individuals and materials into the school buildings by alterations like video surveillance coupled with remotely controlled main doors and recorded keycard egress through specified secondary portals.

Concerns about the security camera system have also surfaced in questions needing to be addressed by this initiative. It should include such things as management software, memory retention limits, hardware needs and proper lighting levels for the cameras. Gaps in coverage during emergency situations have also been noted. These will be faced with innovative thinking and collaborative relationships. There will be a union of school and police personnel with security specialists who can assess and then direct required improvements. Problem-solving practices will be developed with community input on organizational transformations that should be considered. Future considerations will also be investigated with the expanded thinking and the problem-solving techniques discovered during this project.

SECTION 11: PROJECT DESCRIPTION (NARRATIVE)

Please include in your application an in-depth narrative response detailing your proposed project. Please refer to the program-specific section of the COPS Application Guide: "How to Apply" section for information on what should be included in your response, as well as any additional formatting requirements and page length limitations. **Note: Child Sexual Predator Program (CSPP) and Community Policing Development (CPD) grant applicants must submit their entire project description narrative as an attachment in Section 13 of this application.**

Child Sexual Predator Program (CSPP) and Community Policing Development (CPD) applicants must submit their entire project description as an attachment in Section 13 of this application.

SECTION 12: OFFICIAL PARTNER(S) CONTACT INFORMATION

An official "partner" under the grant may be a governmental, private, school district, or other applicable entity that has established a legal, contractual, or other agreement with the applicant for the purpose of supporting and working together for mutual benefits of the grant. Please see the COPS Application Guide for more information on official partners that may be required.

SECTION 14: BUDGET DETAIL WORKSHEETS

Instructions for Completing the Budget Detail Worksheets

The following Budget Detail Worksheets are designed to allow all COPS grant and cooperative agreement applicants to use the same budget forms to request funding. Allowable and unallowable costs vary widely and depend upon the type of COPS program. The maximum federal funds that can be requested and the federal/local share breakdown requirements also vary.

Please refer to the program-specific Application Guide to determine the allowable/unallowable costs, the maximum amount of federal funds that can be requested, and the federal/local share requirements for the COPS program for which your agency is applying. To assist you, sample Budget Detail Worksheets are included in each Application Guide.

Please complete each section of the Budget Detail Worksheets applicable to the program for which you are applying (see the program-specific Application Guide for requirements). If you are not requesting anything under a particular budget category, please check the appropriate box in that category indicating that no positions or items are requested.

All calculations should be rounded to the nearest whole dollar. Once the budget for your proposal has been completed, a budget summary page will reflect the total amounts requested in each category, the total project costs, and the total federal and local shares.

If you need assistance in completing the Budget Detail Worksheets, please call the COPS Office Response Center at 800.421.6770.

A. SWORN OFFICER POSITIONS

Instructions: This worksheet will assist your agency in reporting your agency's current entry-level salary and benefits and identifying the total salary and benefits request per officer position for the length of the grant term. Please list the current entry-level base salary and fringe benefits rounded to the nearest whole dollar for one full-time sworn officer position within your agency. Do not include employee contributions. (Please refer to the program-specific Application Guide for information on the length of the grant term for the program under which you are applying.)

Special note regarding sworn officer fringe benefits: For agencies that do not include fringe benefits as part of the base salary costs and typically calculate these separately, the allowable expenditures may be included under Part 1, Section B. Any fringe benefits that are already included as part of the agency's base salary (Part 1, Section A of the Sworn Officer Budget Worksheet) should not also be included in the separate fringe listing (Part 1, Section B).

Please refer to the program-specific Application Guide for information about allowable and unallowable fringe benefits for sworn officer positions requested under the program to which your agency is applying.

C. EQUIPMENT/TECHNOLOGY

Instructions:List non-expendable items that are to be purchased. **Provide a specific description for each item and explain how the item supports the project goals and objectives as outlined in your application.** Non-expendable equipment is tangible property (e.g., technology) having a useful life of more than one year and an acquisition cost of \$5,000 or more per unit. Expendable items should be included either in the “**SUPPLIES**” or “**OTHER**” categories. Applicants should analyze the cost benefits of purchasing versus leasing equipment, especially for high-price items and those subject to rapid technical advances. Rented or leased equipment costs should be listed in the “**CONTRACTS / CONSULTANTS**” category.

Please be advised that, to the greatest extent practical, all equipment and products purchased with these funds must be American-made.

For agencies purchasing items related to enhanced communications systems, the COPS Office expects and encourages that, wherever feasible, such voice or data communications equipment should be incorporated into an intra- or interjurisdictional strategy for communications interoperability among federal, state, and local law enforcement agencies.

See the program-specific Application Guide for a list of allowable/unallowable costs for this program. Agencies are encouraged to limit their requests to the lines shown below and group similar items together so that all items are accounted for on the budget worksheet for each category. However, if your agency requires more lines please check the available box.

Training fees, transportation, lodging and per diem rates for trainees should be listed as separate travel items. Grantee travel costs specific to the grant project may be based on the grantee's written travel policy, assuming the costs are reasonable. SECTION 15A: ASSURANCES

Several provisions of federal law and policy apply to all grant programs. The Office of Community Oriented Policing Services needs to secure your assurance that the applicant will comply with these provisions. If you would like further information about any of these assurances, please contact your state's COPS Grant Program Specialist at 800.421.6770.

By the applicant's authorized representative's signature, the applicant assures that it will comply with all legal and administrative requirements that govern the applicant for acceptance and use of federal grant funds. In particular, the applicant assures us that:

1. It has been legally and officially authorized by the appropriate governing body (for example, mayor or city council) to apply for this grant and that the persons signing the application and these assurances on its behalf are authorized to do so and to act on its behalf with respect to any issues that may arise during processing of this application.
2. It will comply with the provisions of federal law, which limit certain political activities of grantee employees whose principal employment is in connection with an activity financed in whole or in part with this grant. These restrictions are set forth in 5 U.S.C. § 1501, et seq.
3. It will comply with the minimum wage and maximum hours provisions of the Federal Fair Labor Standards Act, if applicable.
4. It will establish safeguards, if it has not done so already, to prohibit employees from using their positions for a purpose that is, or gives the appearance of being, motivated by a desire for private gain for themselves or others, particularly those with whom they have family, business or other ties.
5. It will give the Department of Justice or the Comptroller General access to and the right to examine records and documents related to the grant.
6. It will comply with all requirements imposed by the Department of Justice as a condition or administrative requirement of the grant, including but not limited to: the requirements of 28 CFR Part 66 and 28 CFR Part 70 (governing administrative requirements for grants and cooperative agreements); 2 CFR Part 225 (OMB Circular A-87), 2 CFR 220 (OMB Circular A-21), 2 CFR Part 230 (OMB Circular A-122) and 48 CFR Part 31.000, et seq. (FAR 31) (governing cost principles); OMB Circular A-133 (governing audits) and other applicable OMB circulars; the applicable provisions of the Omnibus Crime Control and Safe Streets Act of 1968, as amended; 28 CFR Part 38.1; the current edition of the COPS Grant Monitoring Standards and Guidelines; the applicable COPS Grant Owner's Manuals; and with all other applicable program requirements, laws, orders, regulations, or circulars.
7. If applicable, it will, to the extent practicable and consistent with applicable law, seek, recruit and hire qualified members of racial and ethnic minority groups and qualified women in order to further effective law enforcement by increasing their ranks within the sworn positions in the agency.

8. It will not, on the ground of race, color, religion, national origin, gender, disability or age, unlawfully exclude any person from participation in, deny the benefits of or employment to any person, or subject any person to discrimination in connection with any programs or activities funded in whole or in part with federal funds. These civil rights requirements are found in the non-discrimination provisions of the Omnibus Crime Control and Safe Streets Act of 1968, as amended (42 U.S.C. § 3789d); Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. § 2000d); the Indian Civil Rights Act (25 U.S.C. §§ 1301-1303); Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. § 794); Title II, Subtitle A of the Americans with Disabilities Act (ADA) (42 U.S.C. § 12101, et seq.); the Age Discrimination Act of 1975 (42 U.S.C. § 6101, et seq.); and Department of Justice Non-Discrimination Regulations contained in Title 28, Parts 35 and 42 (subparts C, D, E, G and I) of the Code of Federal Regulations.

A. In the event that any court or administrative agency makes a finding of discrimination on grounds of race, color, religion, national origin, gender, disability or age against the applicant after a due process hearing, it agrees to forward a copy of the finding to the Office for Civil Rights, Office of Justice Programs, 810 7th Street, NW, Washington, D.C. 20531.

B. If your organization has received an award for \$500,000 or more and has 50 or more employees, then it has to prepare an Equal Employment Opportunity Plan (EEO) and submit it to the Office for Civil Rights ("OCR"), Office of Justice Programs, 810 7th Street, N.W., Washington, DC 20531, for review within 60 days of the notification of the award. If your organization received an award between \$25,000 and \$500,000 and has 50 or more employees, your organization still has to prepare an EEO, but it does not have to submit the EEO to OCR for review. Instead, your organization has to maintain the EEO on file and make it available for review on request. In addition, your organization has to complete Section B of the Certification Form and return it to OCR. If your organization received an award for less than \$25,000; or if your organization has less than 50 employees, regardless of the amount of the award; or if your organization is a medical institution, educational institution, nonprofit organization or Indian tribe, then your organization is exempt from the EEO requirement. However, your organization must complete Section A of the Certification Form and return it to OCR.

10. It will ensure that any facilities under its ownership, lease or supervision which shall be utilized in the accomplishment of the project are not listed on the Environmental Protection Agency's (EPA) list of Violating Facilities and that it will notify us if advised by the EPA that a facility to be used in this grant is under consideration for such listing by the EPA.

11. If the applicant's state has established a review and comment procedure under Executive Order 12372 and has selected this program for review, it has made this application available for review by the state Single Point of Contact.

14. Pursuant to Executive Order 13043, it will enforce on-the-job seat belt policies and programs for employees when operating agency-owned, rented or personally-owned vehicles.

15. It will not use COPS funds to supplant (replace) state, local, or Bureau of Indian Affairs funds that otherwise would be made available for the purposes of this grant, as applicable.

16. If the awarded grant contains a retention requirement, it will retain the increased officer staffing level and/or the increased officer redeployment level, as applicable, with state or local funds for a minimum of 12 months following expiration of the grant period.

17. It will not use any federal funding directly or indirectly to influence in any manner a Member of Congress, a jurisdiction, or an official of any government, to favor, adopt, or oppose, by vote or otherwise, any legislation, law ratification, policy or appropriation whether before or after the introduction of any bill, measure, or resolution proposing such legislation, law, ratification, policy or appropriation as set forth in the Anti-Lobby Act, 18 U.S.C. 1913.

18. In the event that a portion of grant reimbursements are seized to pay off delinquent federal debts through the Treasury Offset Program or other debt collection process, it agrees to increase the non-federal share (or, if the awarded grant does not contain a cost sharing requirement, contribute a non-federal share) equal to the amount seized in order to fully implement the grant project.

False statements or claims made in connection with COPS grants (including cooperative agreements) may result in fines, imprisonment, disbarment from participating in federal grants or contracts, and/or any other remedy available by law.

I certify that the assurances provided are true and accurate to the best of my knowledge.

Elections or other selections of new officials will not relieve the grantee entity of its obligations under this grant.

BUDGET NARRATIVE

C. Equipment/Technology

The Westland Police Department and the Wayne-Westland Community Schools are requesting funding for laptop computers for all secondary school administrators and the Police Liaison Officer. There is a Principal and 4 Assistants at the high school, a Principal and an Assistant at the Alternative High, the Voc/Tech Center, and the middle school, plus co-principals at 2 upper el schools, along with a secondary level Police Liaison Officer for a total of sixteen (16) positions. They will use the computers to access feeds from surveillance cameras and to document safety concerns or incidents. They will also utilize computers for communication. Estimated cost per unit is \$2000. Total cost: \$32,000

There is a required upgrade to the surveillance security system software in the district that will allow more accurate recording and reporting of safety and security incidents. This will update the system so that recent program additions will update the efficiency of the security programs. Contacts with vendors have shown an anticipated cost in the \$35,000 to \$40,000 range for current products and will depend upon final recommendations following the safety assessment. Total cost: \$40,000

A corollary addition is an upgrade to memory capabilities in the central core of the surveillance system. These storage array management cards allow headend control of the surveillance system for increased digital memory. There are ten (10) storage units dedicated to the Westland data retrieval system. Estimated cost is \$1,000 per unit. Total cost: \$10,000

Improvements are required to the main entry point at all six (6) elementary school buildings in Westland. Some form of visual recognition capabilities and externally-controlled entry buzzer are likely additions. This will allow office staff to see and communicate with persons requesting entry while students are present. Placements and type of monitoring system will be guided by teaching and security staff input. It is expected that costs will be \$4,000 per installation. Total cost: \$24,000

Additional key-card controlled access points are needed at ancillary external and internal doors of buildings. This will better control the movement of staff, students and visitors into and around schools. The change from middle to elementary scheduled buildings will have an impact on needed ingress into additional areas. It is anticipated that approximately ten (10) new locations will be discovered in the Westland schools. Cost is expected around \$2,400 per door. Total cost: \$24,000

Motion sensitive corridor lighting is available on the first floors of all district facilities in Westland. Some buildings have upper floors that could use security lighting when darkness or weather conditions restrict visibility by security cameras in these locations. It is expected that about 126,000 square feet of space will need to be covered at a cost of \$.25 per square foot.

Total cost: \$31,500

When emergency lock-downs have occurred, some vulnerable locations have been noted. These are primarily high noise (eg. gyms or band rooms) and remote locations (eg. outbuilding vocational setting). There is a need to investigate and install a visual alert system to supplement classroom auditory notifications in case of an emergency. There is also a need for portable metal detectors as warning systems to be used when returning from a outdoor activities or when people are entering an external sporting event. It is expected that around 25 locations will be found in the twelve Westland schools at a cost of \$2,800 to find and place each ancillary visual warning device. It is further expected that about 25 portable metal detectors will be necessary at a cost of \$200 per unit.

Total cost: \$75,000

F. Contracts/Consultants

The WWCS has not conducted a school safety assessment within the past three years. The Westland Police Department and WWCS are requesting funding through this grant application to conduct a school safety assessment for the thirteen buildings in Westland. An external security company with experience in school districts across Michigan, Commtech Design (www.comtechdesign.com), has been notified to conduct this evaluation and plans to involve teachers, principals, parents, students and district consultants. The Security Specialist will be present during the initial evaluations as well as during implementation and the follow-up assessment to evaluate program goals and continue progress. The Security Specialist rate is \$500 per day. The anticipated time for initial and follow-up evaluations is 60 days.

Total cost: \$30,000

Total project cost:	\$266,500
Federal share:	\$133,250
Local share:	\$133,250
